

# Company fact sheet

## Company profile

For more than 70 years, the VELUX Group has created better living environments for people around the world.

Using daylight and fresh air. Our products ensure a healthy indoor climate. For work and learning. For play and pleasure. They give back to the environment by being highly energy-efficient, generating more energy than goes into producing them.

## VELUX in brief

The VELUX Group offers an extensive number of products and services around the world.

### Product overview

- Modular skylights for commercial buildings
- Flat-roof windows and sun tunnels

## Management

The VELUX Group is managed by the Board of Directors and the VELUX Management Group.

- Jørgen Tang-Jensen, CEO
- Peter Bang, CFO, Finance and Information Systems
- Ingemar Tärnskär, Executive Officer, Supply Chain and Product Development

## Our history

In 1941, entrepreneur and inventor Villum Kann Rasmussen came up with an idea that would transform dark attics into liveable spaces full of daylight and fresh air. His first roof window was patented in 1942. He came up with a distinctive name that brought out the key benefits of his solution: 'VE' short for ventilation and 'LUX' latin for light. VELUX.
